Menai Mussels are back once again! They are brighter in colour, smaller & sweeter in flavour than their rope grown Celtic siblings. They grow on the seabed of the Menai Strait & at times contain pearls, or a tiny amount of sand. Bear with them & with us, we are really proud of these delicious & sustainable little things, & make it one of our central missions to provide you with the freshest mussels every day.

Warning. Mussels may contain traces of sand & natural pearls.

We'd love it if you helped us choose the next worthy cause, by naming your chosen charity through the QR code below. Together we'll select the next featured charity from a shortlist, through an open poll on our social media this December.
