Menai Mussels are back!  
They are brighter in colour, smaller & sweeter in flavour than their rope grown Celtic siblings. They grow on the seabed of the Menai Strait & at times contain pearls, or a tiny amount of sand. Bear with them & with us, we are really proud of these delicious & sustainable little things, & make it one of our central missions to provide you with the freshest mussels every day.

Warning. Mussels may contain traces of sand & natural pearls.
